

CAUSE Proposal: Calendar 2019-20

This document reflects only proposals associated with the specific provisions / details cited herein. The document does not reflect a comprehensive proposal on any associated article, but rather, intends to specify exclusively upon specific components of the larger article. CAUSE preserves its right to open other provisions contained under article up and until the time that a tentative agreement has been reached on the entire article.

- CAUSE proposes that the two make-up days associated with “natural disaster days” be removed from the 2019-20 calendar year. Strike the associated language from the calendar.
- CAUSE proposes bringing back the October “Professional Development” date, so as to minimize meeting conflict during PLC times. This would provide the District an opportunity to plan ahead, based on the current responsibilities of the District, to provide needed training & professional development.
- The contract will reflect the increased (*by 1 P.D. Day*) work year; total salaries will be increased commensurately.
- We support the three “Teacher Workdays” proposed by the CUSD at the outset of the 2019-20 school year.
- Request an accurate rendering of the 2019-2020 calendar, without errors.
