CAUSE ADVISORY

CUSD Special Education Faculty & Support Staff

* Notification *

Greetings Special Educators and SPED Support Staff,

We hope this email finds you well. CAUSE Leadership wanted to check in with District Special Educators and support staff, in regards to the remote-learning model for all CUSD Special Education departments & programs.

Throughout the last few weeks, Union leadership has been contacted by Special Education faculty and support staff who have shared a variety of concerns that fall into two categories:

(1.) excessive workload

(2.) inadequate work resources to provide effective service

Given our commitment to supporting faculty interests in these areas**,** we are trying to get a better understanding of these issues. **You are encouraged to continue sharing your suggestions & concerns about either your experiences delivering remote instruction or the CUSD's Special Education remote-learning model, related expectations, and practices.**

And.YES, you may continue to provide us with documentation that support your concerns or inquiries. As the sole representatives of District personnel, Union Leadership is entitled to review confidential matters and documents at your request. We will continue to do all we can to honor all responsibilities related to student confidentiality

Union Leadership remains available via email or phone call, and with proper scheduling, a member of our Leadership team will try to meet with you in person or via an online meeting platform.

Take care,

~ j. Hotchner * CAUSE President * CFT # 2216
