Impact Bargaining Update

CAUSE Submits Counter Proposal - Aug. 21, 2020

Colleagues,

Your CAUSE Impact Bargaining Team continues to fight hard for the HEALTH & SAFETY of students, employees, & their families.

Just a few moments ago, we submitted the attached counter-proposal, focusing on the conditions that support REMOTE LEARNING. We're really hopeful that the District acknowledges that our HEALTH & SAFETY priorities are designed to improve the entire systems response to the COVID-19 pandemic.

Our most recent additions (**in blue text and yellow highlight**), which had been previously removed by the CUSD, have been reintroduced.

In Unity,

~ CAUSE Leadership
