

CAUSE Advisory / Survey

Status of All CLASSIFIED Employees

[As Per [Article 16: TRAINING](#)]

Greetings, Classified Colleagues.

CUSD's bargaining partners (i.e. the Union & District leadership) have recently ratified a new article in the CLASSIFIED Collective Bargaining Agreement (aka: your contract): [Article 16 * TRAINING](#).

CAUSE Leadership believes that well trained employees provide quality performance. This, in turn, should ensure that District students and colleagues receive the highest quality support available. Union Leadership is committed to support the District's training needs. This is why the Union has developed a survey for **ALL CLASSIFIED Employees**.

The survey's main purpose is to clarify the training needs and current training status of each individual District CLASSIFIED employee. CAUSE Leadership believes increased training will not only better serve our students, but it will also protect CLASSIFIED employees from negative performance allegations that are actually the result of a lack of training. Your participation and responses will empower District leadership to better manage and meet its training obligations.

But this can only be done with your support and feedback. So please take a few minutes to answer the following survey questions. (*We've been advised that the survey will take approximately 5 minutes.*)

Your participation and insights are GREATLY appreciated!

In Service,

~ CAUSE Leadership
